Community Coastal Impact Assistance Program (CCIAP)

Alaska Legislature appropriated Coastal Impact Assistance Program (CIAP) funds coming directly to State of Alaska (\$51,865,939.42) as follows:

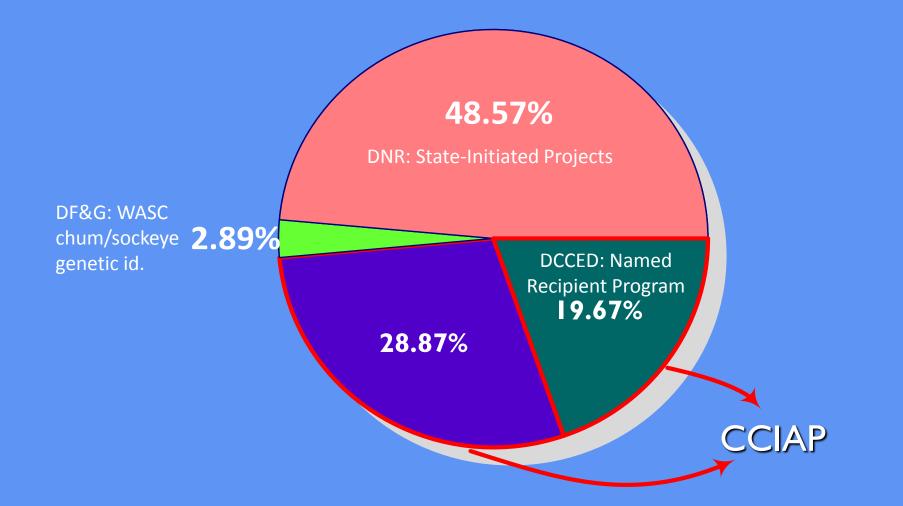

- I. DNR State-Initiated Projects: \$23,179,802
- 2. DF&G WASC Project: \$1,379,750(W. AK. Salmon Coalition Chum/Sockeye Genetic ID Program)
- 3. DCCED Public Solicitation: \$13,777,558
- 4. DCCED Named Recipient Program: \$9,385,961 (Project funds for 8 legislatively-named municipalities and 4 coastal

resource service areas):

Final allocation of State CIAP funds

- 1. \$23,179,802 to **DNR**
- 2. \$1,379,750 to **DF&G**
- 3. \$13,777,558 to DCCED
- 4. \$9,385,961 to DCCED

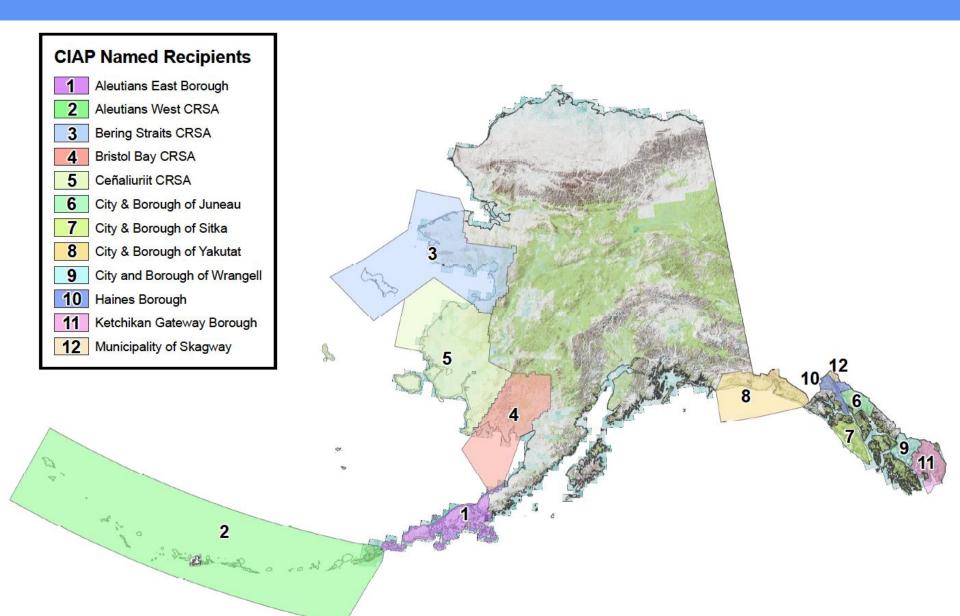

DCCED's CIAP Programs administered by Division of Community and Regional Affairs (DCRA)

Community Coastal Impact Assistance Program

- Named Recipients Program (CRSAs and municipalities)
- Public Solicitation Program

Named Recipient Program

The CCIAP project funds available to municipalities and coastal resource service areas are as follows:

•	Ceñaliulriit CRSA	\$2,583,292
•	City and Borough of Juneau	\$1,636,085
•	Aleutians West CRSA	\$1,033,317
•	Bering Straits CRSA	\$947,207
•	City and Borough of Sitka	\$774,988
•	Ketchikan Gateway Borough	\$774,988
•	Aleutians East Borough	\$602,768
•	Bristol Bay CRSA	\$430,549
•	City and Borough of Yakutat	\$258,329
•	Haines Borough	\$172,219
•	Municipality of Skagway	\$86,110
•	City and Borough of Wrangell	\$86.110

Proposed projects must meet at least one of the Five CIAP Authorized Uses:

- I. Projects and activities for the conservation, protection, or restoration of coastal areas, including wetland.
- 2. Mitigation of damage to fish, wildlife, or natural resources.
- 3. Planning assistance and the administrative costs of complying with CIAP.
- 4. Implementation of a federally-approved marine, coastal or comprehensive conservation management plan.
- 5. Mitigation of the impact of OCS activities through funding of onshore infrastructure projects and public service needs.

Department of Commerce, Community and Economic Development Division of Community and Regional Affairs COMMUNITY COASTAL IMPACT ASSISTANCE PROGRAM NAMED RECIPIENT PROGRAM

November 2009

APPLICATION: Project Proposal Form for State CIAP Plan

This document must be 2-5 pages in length (not including photos or maps). You must use this template and submit the document as a text document (preferably in Microsoft Office Word), with 1" margins, single-spaced, and in Times New Roman, 12 point font. *Directions for each section are provided in blue. Please delete all directions prior to submission.* You are encouraged to supplement the Project Narrative for Submittal to MMS with photographs, diagrams or maps. Please attach them to the end of the document. This document will be included in the Alaska CIAP plan if your project is selected. This document will NOT be used to rank your project.

STATE OF ALASKA COASTAL IMPACT ASSISTANCE PROGRAM

Name of organization

PROJECT TITLE: Provide project title

PROJECT CONTACT

Provide contact information requested below for the person who will be managing the project.

Contact Name: Name Address: Address

Telephone Number: (xxx) xxx-xxx Fax Number: (xxx) xxx-xxx Email Address: xxx@xxxxx

PROJECT LOCATION

Provide narrative description and/or map showing the location of the proposed project in relation to the coastal zone.

PROJECT DURATION

List the number of years you expect the project to take.

ESTIMATED COST:

On the Spending Estimate table note how much will be spent each year of the project, regardless of when it is initiated.

Spending Estimate (\$)						
TOTAL	Year 1	Year 2	Year 3	Year 4		
#	#	#	#	#		

pastal Impact Assistance Program – Named Recipient Program
Project Proposal Form for State CIAP Plan

F	Funding per Allocation Year of CIAP (\$)							
	FY 07	FY 08	FY 09	FY 10				

h we are currently in Federal Fiscal Year 2010, your CIAP appropriation is unds allocated to the State of Alaska from FY07-FY10. Estimate the funding d on the number of years your project will last (four years maximum).

ESCRIPTION:

roject below. Explain what the problem is, why it exists and how the project will blem. Briefly explain the methodology and key milestones. Reference project Cear 2, Year 3, Year 4) rather than calendar year.

oordination efforts with state or local entities regarding the project.

BLE GOALS AND OBJECTIVES:

the measurable outcomes from the project in this section. For example: restore a 000 kilometers of stream bank. Process used to achieve the outcomes or outcomes asurable should be included in the project description section above.

projects, provide annual outcomes (based on project year not calendar year).

ONSISTENCY WITH CIAP AUTHORIZED USE:

CIAP authorized use the project is consistent with by number (1-5) and state its cation Packet, Section B for list of authorized uses). **Reference only 1 authorized** ect is consistent with more than one authorized use, reference the one in which ongest connection.

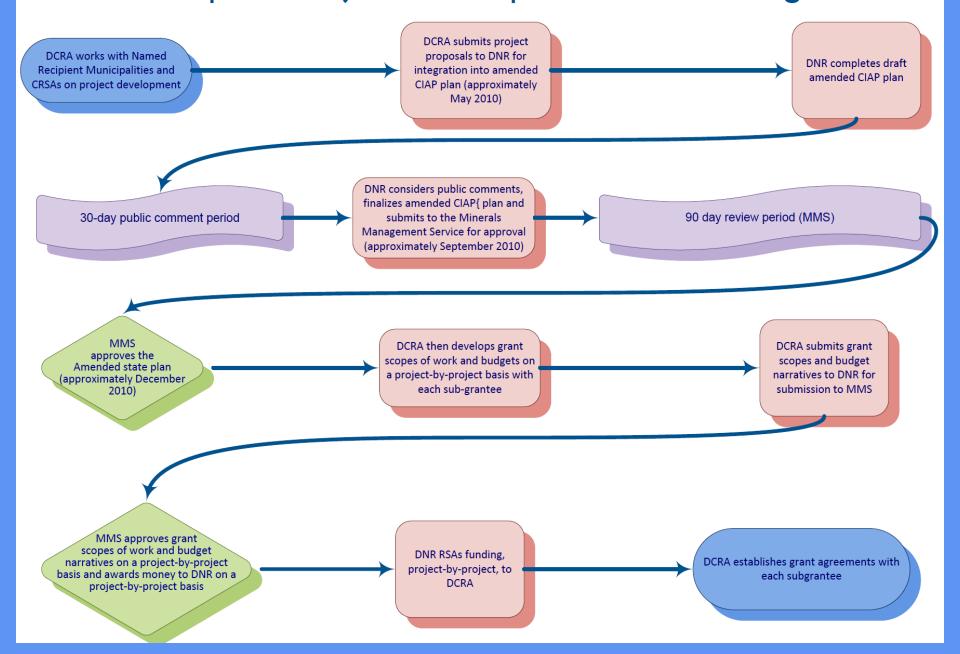

the project is consistent with the authorized use. Make the link explicit. Do not nection is obvious. For example, for a research project explain **how** you will use meet one of the authorized uses. For a stream bank restoration project, explain g the vegetation will protect the bank from erosion, thereby protecting the stream lattion. If the project will result in protection of coastal areas from future r mitigation of impacts to natural resources from future development, discuss the uture development in the area. If possible, provide examples of similar projects w they successfully addressed the authorized use.

the reader is familiar with Alaska. Discuss any challenges that highlight the need

TION WITH FEDERAL RESOURCES OR PROGRAMS:

rdination you or others have had with other federal resources or programs related. In particular, MMS is interested in creating a synergistic relationship with other ms where possible, and not duplicating efforts.

Named Recipient Project Development and Granting Process

Public Solicitation Program

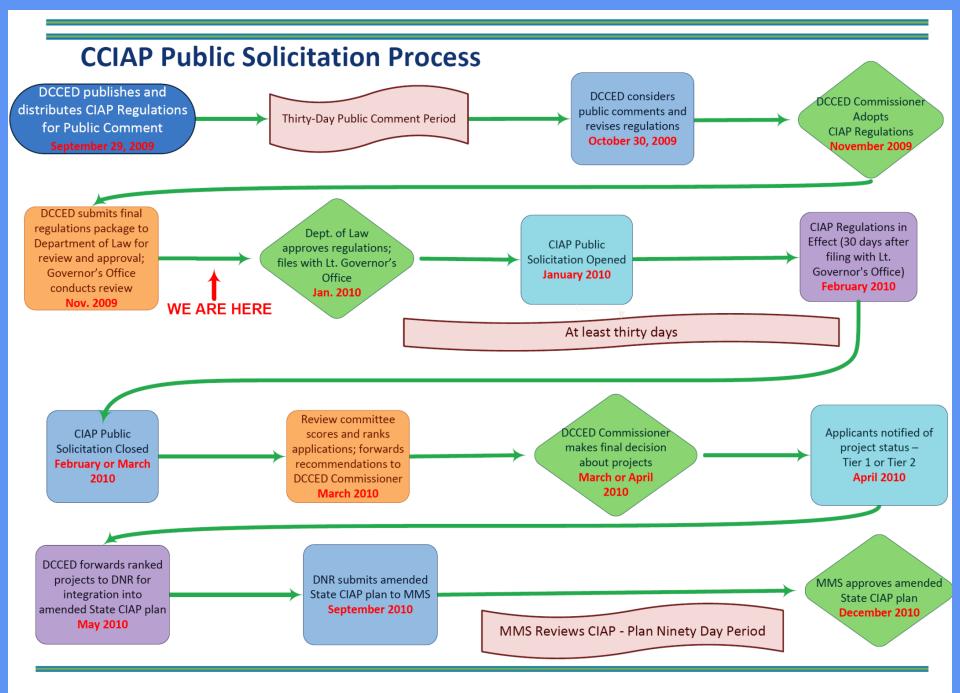

- Draft regulations establishing procedures for the Public Solicitation were published for public comment by Department of Commerce, Community, and Economic Development (DCCED) on September 28, 2009.
- Public comment period ended October 30, 2009. Draft regulations are online at http://www.commerce.state.ak.us/dca/pub/DCCED_Regulations 3AAC196.pdf

- Major change has been to 3 AAC 196.020. Eligible entities. After regs had been posted for public comment, Minerals Management Service revised guidance on eligible subgrantees of CIAP funds, stating that, "States and CPSs, may execute all or part of a CIAP project by providing financial assistance, i.e., subgrant to another party such as a local government, university, or nonprofit organization."
- Proposed regulations have been submitted to the Department of Law for final review and approval.

- Once Department of Law reviews and approves regulations, they will be filed with the Lieutenant Governor's office. DCCED can open Public Solicitation at this point (we anticipate this being some time in January).
- Project proposals must meet at least one of five CIAP authorized uses:
- Due to lengthy review and approval process, project cost estimates should be projected at least 1 year into future (grant funding will not be awarded until 2011).

Proposed projects must meet at least one of the Five CIAP Authorized Uses:

- I. Projects and activities for the conservation, protection, or restoration of coastal areas, including wetland.
- 2. Mitigation of damage to fish, wildlife, or natural resources.
- 3. Planning assistance and the administrative costs of complying with CIAP.
- 4. Implementation of a federally-approved marine, coastal or comprehensive conservation management plan.
- 5. Mitigation of the impact of OCS activities through funding of onshore infrastructure projects and public service needs.

Updates, including public solicitation application, will be provided at the CCIAP website at:

http://www.commerce.state.ak.us/dca/planning/aciap/public_solitation.htm

Community Coastal Impact Assistance Program Public Solicitation for Capital Project Grants

State of Alaska > Commerce > DCRA > Planning and Land Management > ARCCS> ACIAP> Public Solicitation

CSSB 75 (FIN) provides for a portion of Alaska's CIAP funds to be awarded through an open public solicitation process for capital project grants.

The Department of Commerce, Community, and Economic Development (DCCED) is the lead agency for the **Coastal Impact Assistance Program (CIAP) Public Solicitation**. A portion of the CIAP funds received by the State of Alaska from the Minerals Management Service (MMS) is passed through the Department of Natural Resources (DNR) to DCCED to carry out the legislative intent of Section 39 of CSSB 75 (FIN). Regulations establishing procedures for the CIAP Public Solicitation have been posted for public comment by DCCED, Division of Community and Regional Affairs (see link below).

A public information/question-and-answer teleconference regarding the CIAP regulations will be held October 16, 2009 from 2:00 to 4:00 p.m. at teleconference number 1-800-315-6338, code 4558#. The public comment period ends October 30, 2009.

If you would like to receive email notifications about the CIAP Public Solicitation, please send an email request to sally.cox@alaska.gov

The Goal:

- All project descriptions from CCIAP Public Solicitation and Named Recipient Programs Submitted to DNR/DCOM by May 2010.
- * DNR/DCOM includes CCIAP Project Descriptions in Draft Amended State CIAP Plan and opens public comment period by June 15, 2010.
- Public comment period closed on July 15, 2010.
- DNR/DCOM submits Amended CIAP Plan to MMS for review and approval by September 2010.
- Amended plan can be submitted no later than December 31, 2010.

Thank you!
